Please be advised that the current BMTA Schedule has been updated and will become effective on December 1, 2009. You can find the link to this new schedule at www.mpa.state.md.us

All labor rates and service rates that are comprised of an ILA labor component have been increased by 2.4% as a result of the ILA Wage and Benefit increases as of October 1, 2009. Although the overall impact of the October 1, 2009 labor increase across all ILA wage tiers is higher than 2.4% the BMTA will hold the labor increase to 2.4% in recognition of the current economic climate.

In addition, all non-labor rates, including demurrage and storage rates, will remain unchanged. Please review the entire schedule for further details.
